	<input type="checkbox"/> A yellow or white flower
	<input type="checkbox"/> A blue or purple flower
Litter Tips Make sure to ask an adult before touching anything that looks sharp, such as broken glass or pointy metal. If you see any kind of needle, don't touch it! Leave it there, and go tell an adult right away. 	Be Kind to Animals When observing animals, insects, and birds and their nests, stay far away from them, move gently and be very quiet, so they won't get scared and run away. You are visiting their home, so leave them where they are and do your best not to bother them.
